Webpage: www.math.uchicago.edu/~athomas/152

Office Hours: Tuesday and Wednesday 5-6.30pm, and by appointment (email).

Vigre Course Assistant: Nilsen Miller, nilsen1@uchicago.edu, will grade homework and hold office hours Thursday 3-4pm, Regenstein Group Study Area (Level A).

Text: Calculus, 9th edition, Salas/Hille/Etgen. We will cover material from Chapters 4–7.

Midterms: Friday, January 27 (on Chapters 4 and some of Chapter 5) and Wednesday, February 22 (on the rest of Chapter 5 and Chapter 6).

Final Examination: Wednesday, March 15, 10:30am-12:30pm. The final examination will cover the entire course.

It is the policy of the Department of Mathematics that the following rules apply to final exams in all undergraduate mathematics courses:

1. The final exam must occur at the time and place designated on the College Final Exam Schedule. In particular, no final examinations may be given during the tenth week of the quarter, except in the case of graduating seniors.

2. Any student who wishes to depart from the scheduled final exam time for the course must receive permission from Paul Sally (office is Ry 350, phone is 2-7388, email is sally@math.uchicago.edu). Instructors are not permitted to excuse students from the scheduled time of the final exam except in the case of an Incomplete.

Homework: Problems will be assigned in each lecture and posted on the class web page. Solutions are due Wednesdays in class, starting Wednesday, January 11. Your answers should be neat and legible, and written in complete sentences. No late papers will be accepted. You may discuss homework problems with other students but your solutions must be written up independently. Homework problems may appear on midterms and the final examination.

Problem Session: Monday, 6-7pm, E308.

Grading policy: Homework 25%, Midterms 20% each, Final Examination 35%.

Other: Please check your uchicago email account regularly. There will be no lectures on Monday, January 16 (Martin Luther King, Jr. Day) or on Friday, February 10 (Undergraduate Winter Break).
