I urge graduate student counsellors to offer daily afternoon problem sessions, between 1:00 and 4:00, for the YSP participants (and SESAME participants who work in the mornings) on any and all of the courses to date. All undergraduate participants should feel free to e-mail graduate students to set up one-on-one or small group meetings, and I remind undergraduates that we have many graduate student volunteers willing to mentor directed reading programs between the end of the REU and the beginning of the fall quarter.
