

Picky, Picky by Ucaimhu

Each Down clue in this puzzle contains one or more extraneous words, which must be removed before solving. Specifically:

(1) Seven Down clues each have an extraneous sequence of two or more words; these sequences clue answers A–G at the bottom of the page, in order. When their letters are transferred to the extra grid, they will complete this sentence: What is odd about the Across clues is that ____.

(2) Seven Down clues each have a single extraneous word; these words form a clue (with enumeration) to a single word that describes what is odd about the letter sequence you can derive from the oddity seen in (1).

(3) Each of the other Down answers will be too long for its space, requiring you to overstuff one square. Each corresponding clue contains a single extraneous word, which clues another answer that would require that square to be overstuffed differently. (Any tagging applies to *both* answers.) In the grid, connect any two squares in the same row or column that are overstuffed in the same two ways. If each of the resulting connected sets of squares is followed by the two sequences its squares are filled with (in some order), and the results are read left to right, you will get a description of the oddities seen in (1) and (2).

Finally, the gray squares in the grid will present two kinds of entertaining activity while alluding to a third; if you repair the letter sequence from (2) and follow it with the letters that make it odd, you will get a description of one last such activity.

ACROSS

1. Two items in your tears will resemble three (4)
3. Revolutionary gives a brief account of item Ione uses to separate things (6)
8. Before the end, Bunny is an expert on Jewish slaw (5)
10. Sought to imitate the color of roses with a scent (6)
13. Calf dances after a taste of niobium salt (4, *abbr.*)
15. Toto's final ceremony is getting Uno points for originality (5)
16. Hurry, at first, through bus (4)
17. Get Fred when taking a spin in ROK's ninth largest city (4)
18. He and Janet ultimately pound Chad (4)
20. Person working for a while west of pearly city in Arizona (5)
21. Weird Al's the furthest from pill (6)
23. Briefly getting folks out of a tight spout or twisting grotto (4)
